Language			Albanian, Turkish, Arabic				
Course Level			Bachelor				
Description			This is the second part of a subject that will be studied in this term. In the beginning it will be the presentation of the science of Texhvid and later we will practise it. The main aim of this subject is the ability to read the famous Kuran in accordance with his phonetic distinctiveness and rules of texhvid. For this reason various weekly discussion will be held regarding the rules of texhvid and their fair practising. Also every week will be the practise and memorising of some parts of Kuran. These practices will make possible for the students to read and memorise the divine text.				
Objectives			The three forms of development of this subject, reading, memorising, and explaining, aim an accurate reading of Kuran in original language. Also it is aimed the enriching the memorised parts of Kuran for every student.
