Course Level			Bachelor				
Description			This course is focused in the history of the European integration since the period of post world War 1 , until today. The course will treat with details the creation of the first three European communities, the treaties and the expansion wave of the European Union. Another main point will be the treating of the positions of the EU members for the new expansions and the treaty decisions.				
Objectives			Students will be provided with knowledge for the Eu since its begining until today. They will be able to analyse the politics of the nations that are members of the EU , in very important periods of the European Union development.
