Language			English, Turkish				
Course Level			Master				
Description			This subject develops the new schools of philosophy during the 20 century, as a consequence of the division of the European philosophy with the analytical one. Amongst topics that will be developed in this book are: Analytical Philosophy, Logical positivism, Realization, Phenomenology, Pragmatism, Existentialism, Hermeneutics, structuralism, post-structuralism, deconstruction and the school of Frankfurt. For every philosophical school will be inquired the historical roots, methodological relationships, assets and information.				
Objectives			To present the key streams of the modern philosophy as materialism, as Froidism, Positivism, and historicism
