| 1                                 | Unit 1 Cities pg. 6-13. In this lesson, the student learns how to: • talk about first impressions and people they know • describe aspects of cities and life there • tell stories or myths about cities and life in them • talk about urban problems and propose solutions                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 2                                 | Unit 2 Relationships pg. 14-23. In this lesson, the student learns how to: • describe certain buildings and areas in more detail • talk about cultural festivals and carnivals • describe the city, people and culture of the country you are visiting                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 3                                 | Unit 3 Culture and identity pg. 24-31. In this lesson, the student learns how to: • talk about cultural and social aspects • discuss personal and national identity • express thoughts and emotions in an empathetic manner                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 4                                 | Unit 4 Politics pg. 32-41. In this lesson, the student learns how to: • describe politicians and their qualities • discuss political issues and personal attitudes • talk about voting and elections                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 5                                 | Unit 5 Going out with friends pg. 42-49. In this lesson, the student learns how to: • talk about what he does in his free time • discuss going out activities • describe social activities • use the past tense correctly                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 6                                 | Unit 6 Conflicts and solutions pg. 50-59. In this lesson, the student learns how to: • handle arguments in case of conflict • discuss the problems and the solutions • understand the use of metaphors                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 7                                 | Unit 7 Scientific Research pg. 60-67 & Unit 8 Nature p. 68-77. In this lesson, the student learns how to: • talk about the weather and natural disasters • discuss issues related to animals and plants and their habitat • discuss scientific research and advancements in this field • talk about science, facts and make good use of charts, surveys and graphs |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |
| 8                                 | Midterm Exam                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                      |                      |                   |         |      |

|                       |                                                                                                                                                                                                                                                                                    |
|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>9</b>              | Unit 9 Work pg. 78-85. In this lesson, the student learns how to: • talk about the advantages and disadvantages of working • discuss different experiences at work • talk about terms of employment and working conditions                                                         |
| <b>10</b>             | Unit 10 Health and diseases pg. 86-95. In this lesson, the student learns how to: • describe various medical and surgical procedures • discuss the medical system • to discuss the problems doctors face • describe the things the human mind and body can do                      |
| <b>11</b>             | Unit 11 Games and sport pg. 96-103. In this lesson, the student learns how to: • talk about the sports generally • discuss about online games • recognize and use irony • talk about ideas with compound sentence structures                                                       |
| <b>12</b>             | Unit 12 History pg. 104-113. In this lesson, the student learns how to: • talk about history and key events in society • discuss using descriptive and comparative language • give presentations about a historical event                                                          |
| <b>13</b>             | Unit 13 News and media pg. 114-121. In this lesson, the student learns how to: • talk about media and news • report events or news • use rhetorical questions • talk about people and their new news                                                                               |
| <b>14</b>             | Unit 14 Business and economy pg. 122-131. In this lesson, the student learns how to: • talk about problems related to personal finances • discuss business opportunities • talk about banks and the use of money                                                                   |
| <b>15</b>             | Unit 15 Trends pg. 132-139 & Unit 16 Risks pg. 140-149. In this lesson, the student learns how to: • talk about trends in style or clothing • discuss the fashion industry • talk about accidents and injury • describe the rules and laws in society • speak and think critically |
| <b>16</b>             | Final Exam                                                                                                                                                                                                                                                                         |
| <b>Prerequisites</b>  | The student must attend the course at a minimum rate of 75%.                                                                                                                                                                                                                       |
