Course language English							
Course level Bachelor							
Description Course Albanian Language 2 is the value of human communication language. Only humans have the ability to transmit signals to audio or as otherwise stated the sign language. Albanian language course helps to reinforce the ability of speech writing and orally. Language as written and spoken has its own system separate text, but also a set of rules that form the structure of this system. When analyzing the structure of Albanian, build its grammar. Through analytical and critical learning speech intended standard language, written and oral, being trained in the construction of discourse necessary.							
Objectives To acquaint the student with the basic rules of the art of writing. To master issues of morphological and syntactic norm. Students to achieve a high communicative act, through normative discourse. To do works with high language level (essays, course assignments and diploma thesis). Encourage critical scrutiny and the act of correction in cases of deviations from standard Albanian.							
Core Concepts 1. The language of the cradle, where the basic formation takes place, remains valuable 2. Language as the main means of human communication 3. Thought is shaped by language 4. Language serves to transmit thought 5. The process of cognition begins with language 6. The personality of everyone is presented through language 7. Oral heritage as the basis of colloquial discourse and the basis of written language 8. The correction process should be in the language awareness, not to allow deviations from the standard discourse ... etc.
