Description		The lecture course aims to give students the main knowledge to read and speak Albanian literary language for those who have Albanian as their mother tongue, but also for those who want to learn Albanian, want to read and speak Albanian . Language is a very central element in human life. It helps both the realization of communication and the shaping of thought and its transmission. For this reason, a correct and better use of language helps both in the process of cognition and in the very presentation of our personality. This course also aims to train students with a correct and complete use of Albanian, to improve their skills in speaking and writing Albanian, but also to help them build a fluent and creative discourse.					
Objectives		<ul style="list-style-type: none"> • The student should be acquainted and practically acquainted with the basic rules of the art of writing in the ancient Albanian language. • Acquire issues of morphological and syntactic norm. • Students achieve a high communicative act, through normative lecturing. • To do works with high language level (essays, course assignments and diploma thesis). • Encourage critical oversight and the act of correction in cases of deviations from standard Albanian. 					
Core Concepts		1. vocabulary addition (translation) and creation writing; texts; coherence, cohesion in the Albanian language 2. material review: editing, correction 3. standard language, purity of vocabulary, deviations from the standard, cleansing from unnecessary borrowing 4. complementarity of verbs (irregular; duals) ... etc., Phenomena of the Albanian language. After finishing the planning of the planned literature, after reading the tabs with vivid thoughts, we start the underlining and notes, we make the systematization in accordance with the planning done earlier. Each writing consists of introduction, development and conclusions. All three parts are connected naturally because the discourse needs to be connected. This is how the paragraph is formed, which most often connects with others, forming the unit called text. Whether it is a paragraph, an article, or an entire book, there is cohesion and coherence, related to grammatical and logical organization.
